

SCHELLMANNART

The contradictions the mind comes up against—these are the only realities: they are the criterion of the real. There is no contradiction in what is imaginary. Contradiction is the test of necessity. *Some: Weil*
hav e no. expression in text and of nothingness) strange of how of nothingness on a scale. Just all to nothing and are red nothing of the and are said—being on some form of nothingness of T

Joseph Kosuth - The Criterion Of The Real 2009
